

modaLIGHT[®]

SPECIFICATION

BOW XTRUSION[®]

MODA LIGHT's new adjustable Xtrusion[®] constructed from 6063 Aluminum. Rapidly assemble and create a fixture from the vast range of MODA flexible linear products and BOW's new slide-on adjustable stainless steel mounting brackets. These can be adjusted to over 180° rotation and locked into the desired light direction. Long 8ft (2.4m) sections makes extended run lengths fast to install, and easy on-site cutting allows BOW to fit in a multitude of installations. Shatter resistant PMMA diffuser finished with Aluminum End Caps.
