

modaLIGHT[®]

SPECIFICATION

KINDA XTRUSION[®]

KINDA is a surface and recessed mounted XTRUSION[®] built from high quality aluminum for exceptional thermal management. KINDA has been designed specifically to work with MODA's MINI STARFLEX family of products. With its minimalistic profile, KINDA is perfect for a variety of recessed and surface installations. Designed with clean and compelling lines for subtle accents. KINDA and its diffuser are field cuttable for minimal labor.
